

We each hold our piece of
the puzzle, but God holds
the box with the picture
on the cover.

Lord, there is much I don't understand. Often, I feel things are out of control or that you are not hearing my prayers. Keep me mindful, Lord that my small piece of the puzzle may not fit in to place until many other pieces are in place. Remind me that only when I have an 'aerial' view of the finished picture, will I be able to understand where my piece fits in to the larger picture. Until then Lord, fill me with a peaceful spirit while I trust in you and wait on your timing.
Amen
