

*When it rains,
Look for rainbows.
When it is darkest;
Look for stars.*

At times Lord, it is hard to see the good in situations. I focus on the rain and the dark, when instead I need to wait and take joy in, the rainbows and the stars... and I need to remind myself that without the rain or the dark, I would see neither.
In my gloomiest and darkest moments, I will cling to the promise of your rainbows and delight in the wonders of the stars.
Amen
